Google and Clever Home Login Help

The Rosedale Union School District uses Clever as a single sign-on solution for Go Math, Big Ideas Math, Wonders, & StudySync. Clever will be the launch page for your child to access these learning tools.
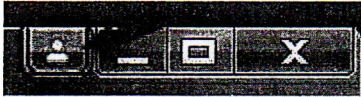

Use Google Chrome Browser

To provide your child with an online experience that is MOST like what they will experience at school, use the Google Chrome Browser on your home PC, Mac or other device.

To access Clever from home please use https://clever.com/in/ruesd. Students will be prompted to Log in with Google.
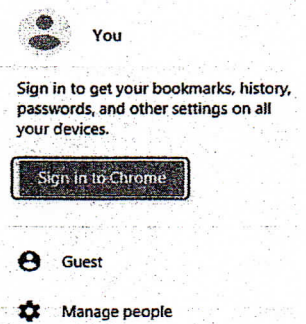

Students can also log in to the Chrome browser using their G Suite profile. Once this is done, anytime you open your chrome browser it should automatically come up with your child's profile and will have all the settings and options available to your child at school.

Steps for logging in to Chrome Browser:
1. Open Chrome Browser
2. In the top right, click the button with your name or People icon

3. Click **Sign in to Chrome** if no one is logged in *or* **Manage People** to add a user.
4. Sign in with your child's school G Suites acount.

   Your Child's *G Suite* Login Credentials
   - *Username* = 10 digits student #@ruesd.net
     Example: 213.......@ruesd.net
   - *Password* = 8 digit birthdate - mmddyyyy
5. Choose "link data" when that option appears.

You are signing in with a managed account and giving its administrator control over your Google Chrome profile. Your Chrome data, such as your apps, bookmarks, history, passwords, and other settings will become permanently tied to ftucker@ruesd.net. You will be able to delete this data via the Google Accounts Dashboard, but you will not be able to associate this data with another account. Learn more
